NEST

Visitor Chair 4 Leg Timber Frame

Designed by Orlandini Design. Made in Italy

FEATURES

The NEST is a comfortable lounge chair with soft curves that creates a place to come together and adapt to any given environment. NEST will make you feel perfectly comfortable even after long hours spent at your desk, and provide the creature comforts and support you need throughout the day.

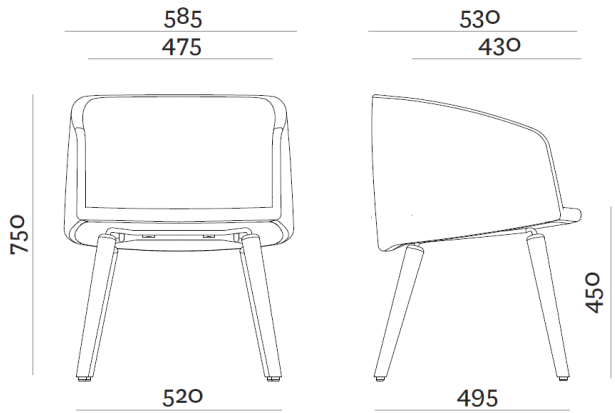

The NEST chair suits all kinds of modern spaces and will provide the right balance of elegance and warmth to any office, conference zones and restaurant areas.

The shell is made of high-quality cold injection polyurethane foam, ensuring unchanging quality and appearance of the product during its entire lifetime.

- Upholster to suit any brief
- Cold-injection moulded polyurethane foam shell
